Hello Dr. Zhang,

As part of our Senior Design requirements, we are submitting our Project Scope for your review, which is attached. The deadline for submitting proof of approval is Tuesday, 10/01/2024 at 11:59PM.

If you have any feedback, concerns, or additional requirements that you feel should be included, please let us know. I would appreciate it if you could kindly respond to this email to confirm that the current scope is acceptable.

Thank you for your time.

Best regards,
Soham Naik

Hello,

Thank you for your valuable critiques. I have adjusted some of the wording to be more specific. Is this more acceptable to you?

We envision VR/AR integration as a long-term goal for our second semester, while our primary focus for this prototype will be on goals 1-5. If time permits and we make the progress we are aiming for, we will explore further long-term goals and research new implementations or potential applications for this technology and project.

Thank you for your guidance!

Best regards,
Soham Naik

Hi all,

The project scope looks good to me, and I approve it. If any resources are needed, please feel free to let me know.

Best,
Xiao
